

**7th Pacific Rim Conference
Brain Health & Intersectionality
Programme at a Glance**

WEDNESDAY 2nd JULY

9.00 – 4.00 Workshops	
9.00-12.00 Workshop 1 Venue: Boulevard 1 Chair: Professor Vonetta Dotson	9.00-12.00 Workshop 2 Venue: Boulevard 2 Chair: A/Prof Dana Wong & Prof Jennifer Fleming <i>Cognitive Rehabilitation Introductory Workshop</i>
	9.00-12.00 Workshop 3 Venue: Boulevard 3 Chair: Areta Kennedy, Mandy Nielson & Sally Wooler <i>What about me? Incorporating close other support and involvement in rehabilitation after moderate-severe ABI: Strategies and Benefits</i>
10.30-10.45	Morning Tea Break
12.00-1.00	Lunch
1.00-4.00 Workshop 4 Venue: Boulevard 1 Chair: Jonathan Evans	1.00-4.00 Workshop 5 Venue: Boulevard 2 Chair: A/Prof Dana Wong & Prof Jennifer Fleming <i>Cognitive Rehabilitation Advanced Workshop</i>
	1.00-4.00 Workshop 6 Venue: Boulevard 3 Chair: Harvey Jones, Sara Isaak, Hannah Miller, Anique Muttiah & Erica Mahoney <i>Treating Functional Neurological Disorders Using an Interdisciplinary Approach</i>
2.30-2.45	Afternoon Tea Break
4.00	Workshops CLOSE
5.30-7.00 5.30 – 6.15 6.15 – 7.00 7.00 – 9.00	Opening Night Venue: Boulevard Auditorium Chair: Jennifer Fleming ASSBI Presidential Talk: A/Prof Barbra Zupan (recorded) Lived Experience Speaker: Mr Scott McLean Welcome Reception Venue: Boulevard Foyer

THURSDAY 3rd JULY

8.00 – 8:30 Masterclasses		
Masterclass 1 Venue: Boulevard 1 How to communicate a diagnosis of dementia Bridget Regan	Masterclass 2 Venue: Boulevard 2 Autism, ADHD, and Neuroaffirming Care: Clinical Musings and Gentle Directions Marnie Cumner & Laura Bennett	Masterclass 3 Venue: Boulevard 3 Co-Designed, Lived-Experience Perspective Project for Client Self-Advocacy Hannah Grandt

8.45 – 10.30 PLENARY 1
Venue: Boulevard Auditorium
Chair:

8.45 – 9.30

8.45	Welcome to Country
9.00	Opening remarks from conference co-convenors
9.15	Welcome from Presidents and Chairs of INS, ASSBI and CCN

9.30 – 10.30 Lived Experience Panel

10.30 – 11.00 Morning Tea break – opportunity to see exhibitors

11.00 – 12.30 CONCURRENT SESSIONS 1 – 4

Session 1: Challenging Dominant Discourse	Session 2: Paediatrics	Session 3: ABI in the Community	Session 4: Assessment Issues
Venue: Boulevard Auditorium Chair: Jody Kamminga	Venue: Boulevard 1 Chair:	Venue: Boulevard 2 Chair:	Venue: Boulevard 3 Chair:
Orals 11:00 - Judy Tang: Intersectionality in Asia-Pacific Neuropsychology: Advancing Inclusive Brain Health Across Diverse Cultures 11:15 - Kevin Thomas: A Framework for Transforming Neuropsychology Training in South African Higher Education Settings 11:30 - Theshaya Naidoo: A Neuropsychological Perspective on the Effects of Systemic Racism in Black Populations Datablitz 11:45 - Tahlia Bragg & Darlingtina Esiaka: Low Hanging Fruit: Racial and Ethnic Terror as a Global Structural & Social Determinants of Brain Health 11:50 - Shanique Meyler: Advancing Equitable Brain Health: A Global Call for Psychometric Validation Standards in Indigenous and Minoritized Populations	How-To Session 11:00 - Rebecca Slykerman: How to integrate a strengths-based, family-centred, and neuro-affirming approach in paediatric neuropsychological report writing Orals 11:30 - Taylor Jenkin: Co-designing a knowledge translation intervention to support management of agitation in the early stages following paediatric brain injury 11:45 - Marnie Drake: Mapping Return-to-School Pathways After Paediatric Acquired Brain Injury: Implementation Planning for TeachABI-Australia 12:00 - Mridula C Jobson: Retraining Intelligence, Cognitive, Behavioural and Emotional Functioning in Children (Female) With Congenital Heart Disease	Orals 11:00 - Aly Cazanis: Do the experiences of cyberscam victims with and without acquired brain injury differ? A qualitative comparison study 11:15 - Kimberly Chew: Evaluating the Feasibility of a Co-designed Cyberscam Psychosocial Recovery Intervention Framework for People with Acquired Brain Injury 11:30 - Megan Topping: Exploring Available Tools and Measures for Evaluating the Quality of Paid Disability Support Services: A Scoping Review 11:45 - Karen Saunders: A study of the epidemiology of Traumatic Brain Injury in relation to place: Kent County, UK to identify individual and geographical risk factors, social determinants of health and financial impacts 12:00 - Di Winkler: NDIS Participant centred design	Orals 11:00 - Leila Nategh: Eye-Tracking Insights into Processing Speed in the Symbol Digit Modalities Test 11:15 - Sanne Franzen: Development of a Quality of Education Measure for Cognitive Assessment in Diverse Populations 11:30 - Mathew Staios: Exploring processing speed differences across Asia, Europe, Central and North America: A cross-national comparison of 22 WAIS-IV normative data sets 11:45 - Carla Schiemer: Identifying EEG markers related to acute cannabis consumption: A systematic review 12:00 - David Foxe: Utility of the Addenbrooke's Cognitive Examination-III Online Dementia Screening Tool Datablitz 12:15 - Jamie Berry: Actual and clinician-predicted IOP-29 scores in a clinical setting

<p>11:55 - Talamahe'a Tupou - Voyaging Towards Decolonizing Neuropsychology: Culturally Responsive Care for a Native Hawaiian and Pacific Islander Youth Athlete</p> <p>Orals 12:00 - Felicity Bright: Strengthening connections and reducing trauma for people with aphasia after stroke 12:15 - Halima Nalaye: The beliefs, perceptions, and experiences of culturally and linguistically diverse Australians following traumatic brain injury</p>	<p>Datablitz 12:15 - Nara Andrade: Childhood Adversity and Behavioral Problems in Children with Autism Spectrum Disorder Raised in Urban Poverty in Brazil 12:20 - Tricia Williams: Promoting Equitable Neuropsychological Monitoring and Follow Up Programs among Neonatal Cohorts 12:25 - Kate Bray: Exploring parent-child discrepancies in persistent post-concussive symptom reporting</p>	<p>and scaling innovation in housing and support to improve the outcomes of people with neurological disability</p> <p>Datablitz 12:15 - Stacey Oliver: A qualitative study of the experience of people with disability living in 10+1 apartments 12:20 - Sheree Lu: "I had to relearn how to use all the different apps": End user perspectives of technology-mediated communication and dynamic assessment in traumatic brain injury (TBI) 12:25 - Aishani Desai: A Pilot Study: Examining Neuropsychological Profiles in the Early stages Post-Traumatic Brain Injury and Functional Recovery One-Year Post Injury</p>	<p>12:20 - Jesse Shapiro: Assessing the Landscape of Cognitive Assessment in Australia 12:25 - Hannah Cruickshank: Factorial invariance of the WAIS-5A&NZ across Australia and New Zealand</p>
---	--	--	--

12.30 – 1.30 Lunch

1.30 – 3.00 CONCURRENT SESSIONS 5 – 8

<p>Session 5: Co-Design Approaches Venue: Boulevard Auditorium Chair:</p>	<p>Session 6: Psychosocial difficulties In TBI – including Clinical Practice Guidelines Venue: Boulevard 1 Chair:</p>	<p>Session 7: Ageing and Dementia Venue: Boulevard 2 Chair:</p>	<p>Session 8: PD and IPV Venue: Boulevard 3 Chair:</p>
<p>How-To Session 1:30 - Sarah Knight: How To Use Co-Design Approaches in Clinical Research Settings</p> <p>Oral 2:00 - Emmah Doig: Co-design of virtual reality-based simulations with people with brain injury, clinicians and technology developers for use in inpatient rehabilitation</p> <p>Datablitz 2:15 - Rachele Martin: Co-producing housing policy knowledge with disabled people in Aotearoa New Zealand: Inclusive processes to support equitable access, experiences and outcomes 2:20 - Rhianna Hoffman: Developing a co-designed</p>	<p>Symposium 1:30 - Cynthia Honan: Clinical Practice Guidelines for the Management of Psychosocial Difficulties in Adults with Moderate-to-Severe Traumatic Brain Injury (TBI): Overview and Methodology 1:45 - Sarah Carrier & Dana Wong: Psychosocial Interventions for Mental Health Difficulties after Moderate-to-Severe Traumatic Brain Injury: A Systematic Review and Meta-Analysis and Guideline Recommendations 2:00 - Paul Gertler: Psychosocial interventions for behavioural difficulties after Moderate-to-severe Traumatic Brain Injury: A</p>	<p>Orals 1:30 - Kylie Radford & Lindy Moffat: Standing Tall with Our Mob Project (STOMP!): Implementing and evaluating community-led programs to promote brain health, active ageing and quality of life with Aboriginal peoples 1:45 - Fofi Constantinidou: Promoting Brain Health and Preventing Cognitive Decline in Vulnerable Populations: The Role of Multidimensional Screening</p> <p>Datablitz 2:00 - Sarah Haskard: Young to midlife adults: Knowledge and engagement in dementia risk reduction 2:05 - Marina Cavuoto: Associations of</p>	<p>PD talks How-To Session 1:30 - Alexander Toster: Neuropsychological Evaluation for Parkinson's Disease Surgery: Methods and Consideration of Health Disparities</p> <p>Oral 2:00 - Emily McCann: Harmonising neuropsychological assessments to identify cognitive impairment in Parkinson's disease: A systematic review and critique</p> <p>Datablitz 2:15 - James King: Neuropsychologists' Role and Current Procedures for</p>

<p>narrative discourse intervention for inpatient rehabilitation post-Traumatic Brain Injury 2:25 - Adrienne Withall: Co-designing innovative cognitive serious games with older justice-involved people – The ASCAPE Study</p> <p>How-To Session 2:30 - Rachele Martin: Co-producing knowledge with disabled people to inform inclusive policies: Methodological practices and recommendations for future use</p>	<p>systematic review plus meta-analysis and guideline recommendations 2:15 - Holly Emery: Interventions for Social-Cognitive Difficulties following Moderate-to-Severe Traumatic Brain Injury: A Systematic Review and Clinical Practice Guidelines</p> <p>Orals 2:30 - Cheryl Kotzur: Therapeutic groups as a solution to service inequity in rural communities: Expanding access for people with acquired brain injury 2:45 - Hannah McGlashan: Group psychosocial interventions following acquired brain injury: A systematic review and meta-analysis of group process and outcomes</p>	<p>neighbourhood greenspace, walkability and crime with cognition and dementia risk factor burden in middle-aged and older Australians 2:10 - Caroline Gurvich: Cognition during menopause</p> <p>Orals 2:15 - Jacqueline Owens: Association between Drive Safe Drive Aware and on-road driving assessments in individuals with progressive neurodegenerative disorders 2:30 - Sau Chi Cheung: Cognition and Social Cognition are Differentially Affected in Behavioural-variant FTD, 'Atypical' FTD and Autism</p> <p>Datablitz 2:45 - Natacha Cordonier: Tracking Empathy Loss in the Nonfluent and Logopenic Variants of Primary Progressive Aphasia: A Longitudinal Study 2:50 - Kayla Stefanidis: The assessment of cognitive function and medical fitness to drive in older adults: A qualitative study with general practitioners 2:55 - Zita Tse: Mahjong playing and successful ageing in Hong Kong's older population</p>	<p>Evaluating Cognition in Parkinson's Disease: A Mixed Methods Australian Study 2:20 - Nadeeka Dissanayka: Enhancing utility of neuropsychological evaluation for earlier and effective diagnosis of dementia in Parkinson's disease: PDCogniCare Project 2:25 - Alexia Pavlis: Understanding Behaviours of Concern (BOC) in a large metropolitan health service: A clinical audit of Code Grey and Code Black incidents and associated patient characteristics</p> <p>IPV Oral talks 2:30 - Jennifer Makovec Knight: Neuropsychological Outcomes of Intimate Partner Violence Related Brain Injury among Women Victim Survivors 2:45 - Carolina Bottari: Towards more equitable access to services for women victims of intimate partner violence and traumatic brain injury: cross-pollination of knowledge across healthcare, community, and socio-legal services</p>
---	--	---	--

3.00 – 4.00 **Poster Session 1 and Datablitz Poster Session 4 and Break**

4.00 – 5.00 **PLENARY 2**
Venue: Boulevard Auditorium
Chair: Kerry Pike

4.00 – 5.00 **International Keynote Speaker - Vonetta Dotson (USA)**
Talk tbc

5.00 – 6.00 Brain Impairment Editorial Meeting

7.00 – 11.00 Student Networking Evening (venue tbc)

FRIDAY 4th JULY

8.00 – 8:30 Masterclasses		
Masterclass 4 Venue: Boulevard 1 ‘How To’ differentiate young-onset dementia from psychiatric conditions Priscilla Tjokrowijoto, Feiven Fan, Patrick Summerell, Jodi Samartgis, Joanna Neath, Wendy Kelso	Masterclass 5 Venue: Boulevard 2 Incorporation of patient preferences in psychotherapy with individuals recovering from traumatic brain injury Fred Pelletier	Masterclass 6 Venue: Boulevard 3 Stimulating the Brain Back to Life: Realising an Endogenous Therapeutic Network with VCS Trung Thành Ngô

8.45 – 10.30 PLENARY 3
Venue: Boulevard Auditorium
Chair:

8.45 – 9.45 International Keynote: Jon Evans (UK)
Talk tbc

9.45 – 10.30 National Keynote Speaker: Samantha Siyambalapitiya (AUS)
Talk tbc

10.30 – 11.00 Morning Tea break – opportunity to visit exhibitors

11.00 – 12.30 CONCURRENT SESSIONS 9 – 12 (90 mins)

Session 9: ABI Psychosocial Outcomes Venue: Boulevard Auditorium Chair:	Session 10: Families and Adolescents Venue: Boulevard 1 Chair:	Session 11: FND and Stress Venue: Boulevard 2 Chair:	Session 12: Training Venue: Boulevard 3 Chair:
How-To Session 11:00 - Christian Salas: Working with Identity after Brain Injury: Why and How? Orals 11:30 - Jennie Ponsford: Outcomes 5 and 10 Years after Moderate to Severe Traumatic Brain Injury: An International Comparative Study 11:45 - Carla Dos Reis: Traumatic Brain Injury and the Return to Productive Activities: Clinicians’, Case Managers’ and Insurers’ Perspectives 12:00 - Madeleine Stoddart: Using Cognitive Assessment to Predict Work Outcomes Following Moderate to Severe Traumatic Brain Injury: A Systematic Review Datablitz 12:15 - Sarah Chuah: Incorporating technology into psychological therapy for	How-To Session 11:00 - Tricia Williams, Bianca Bondi & Samantha Feldman: Empowering Caregivers: Clinician Tools and Training for Family Support and Wellness Orals 11:30 - Sera Manuele: Differences in Functional Connectivity during a Stop-Signal Task in Adolescents who will Engage in Future non-Suicidal Self-Injury versus Healthy Controls 11:45 - Kristen Hoskinson: Contribution of treatment-related, neurodevelopmental and sociocontextual factors to neurocognitive outcome in youth with critical congenital heart disease 12:00 - Lauren Crumlish: Prioritising treatment outcomes in paediatric cognitive-communication rehabilitation: Insights from	How-To Sessions 11:00 - Monique Davies: Functional Neurological Disorder: a Neurological Physiotherapy Perspective 11:30 - Simone Mangelsdorf-Collet: Functional Cognitive Disorder Oral 12:00 - Shari Wade: Efficacy of a Brief Telehealth Intervention to Treat Post-Traumatic Stress following Traumatic Injuries: The ReSeT Trial Datablitz 12:15 - Daniel Baldini: Steady Under Stress: The TOMM’s Resistance to Emotional and Behavioral Factors in American Youth Athletes 12:20 - Adelene Yap: An interdisciplinary approach in the management of Functional Neurological Disorder (FND) – transitioning from long term,	INS Mentoring Award Winner 11:00 - (tbc) Orals 11:30 - Amber Ayton - Global Neuropsychology Training Pathways: An International Survey 11:45 - Rene Stolwyk: Co-designing a Competency-based Framework to Optimise Clinical Neuropsychology Postgraduate and Registrar Training Datablitz 12:00 - Rebecca Evans: Understanding the Interaction Between Support and Social Participation for People with Physical Disability: A Scoping Review 12:05 - Ashna Nadan: Building knowledge and confidence: Student speech pathologists’ perspectives on learning about cognitive-

<p>individuals with a moderate-to-severe traumatic brain injury: Exploring impacts on treatment engagement and satisfaction</p> <p>12:20 - Sue Wright: Potential Unlimited: Working collaboratively with Outward Bound Australia to build capacity and potential among adults with Acquired Brain Injury</p> <p>12:25 - Tayla Fox: Guiding the Use of the Hospital Anxiety and Depression Scale (HADS) in Traumatic Brain Injury: Associations with Clinical Outcomes and Development of Evidence-Based Severity Cut-Offs</p>	<p>Australian children, adolescents, and their parents after traumatic brain injury</p> <p>Datablitz</p> <p>12:15 - Chandelle Piazza: Cerebral Blood Flow in Young Adults Born Very Preterm and at Term, and the relationships with Cognitive Outcomes</p> <p>12:20 - Yueting Zhan: Evaluating Measurement Validity: A Meta-Analysis of Executive Function in Children with Cerebral Palsy</p> <p>12:25 - Aysha Thasleema: Adolescent Well-Being in India: The Interplay of Cognitive Factors, Psychosocial Support, and Health Risk Behaviours</p>	<p>multiple hospitalisation to home; A single case study</p> <p>12:25 - Sarah Ahamed: Mixed Impacts of Sequential Acute Psychosocial Stressors on Cognitive Performance</p>	<p>communication disorders and implementing convers-ABI-lity on placement</p> <p>12:10 - Anca Milosesco: Exploring the utility of the Session Rating Scale (SRS V.3.0) as an appropriate feedback tool during therapy for the individuals with a traumatic brain injury</p> <p>12:15 - Zemedu Ferede: Models for Predicting Long-Term HRQOL and Mental Health Outcomes Among TBI Patients</p> <p>12:20 – Ella-Rose Minter: Discharge Outcomes and Support Needs for People with Acquired Disability and Cognitive Impairment</p> <p>12:25 - Simone Mangelsdorf-Collet: Western Health Cognitive Assessment and Advisory Service (WH-CAAS): Creation of a neuropsychological service model for adult mental health consumers</p>
---	--	---	---

12.30 – 2.00 Lunch

<p>12.50-1.50 Venue: Boulevard 1 Chair: INS Global Mentoring Committee session Shawn McClintock, Robin Green, Aishani Desai</p>
--

2.00 to 3.00 **CONCURRENT SESSIONS 13 – 16 (60 mins)**

<p>Session 13: Movement Disorders Venue: Boulevard Auditorium Chair:</p>	<p>Session 14: Student panel: Dementia and Risk Factors Venue: Boulevard 1 Chair:</p>	<p>Session 15: Stroke Venue: Boulevard 2 Chair:</p>	<p>Session 16: Epilepsy Venue: Boulevard 3 Chair:</p>
<p>Orals 2:00 - Louisa Selvadurai: Longitudinal cognitive performance in spinocerebellar ataxias 2:15 - Fiona Fisher: Health Literacy in Motor Neurone Disease: Using Narrative Profiles to Drive Meaningful Change 2:30 - Sarah Davies: Feasibility of an occupation-based metacognitive strategy</p>	<p>Invited Student Panel Speakers tbc 2:00 -</p>	<p>Orals 2:00 - Margaret Moore: Post Stroke Cognitive Impairment: more than a lesion-symptom model 2:15 - Michelle Francis: Examining the Cognitive Profile of Small Vessel Disease across Stages of Severity - A Systematic Review and Meta-Analysis 2:30 - Michaela Grech: Exploring unmet needs and predictors of quality of life</p>	<p>Orals 2:00 - Sallie Baxendale: Sex Differences in the Trajectories of Decline in Verbal Memory in People with Focal Epilepsy 2:15 - Isha Puntambekar: Optimizing Cognitive Outcome Prediction in Epilepsy Surgery: The 'Red Flags' Initiative 2:30 - Kylie Radford: Enhancing access to cognitive rehabilitation for people</p>

<p>intervention in Parkinson's Disease</p> <p>Datablitz 2:45 - Tamrin Barta: Key Effective Connectivity Alterations in Depression in Huntington's Disease 2:50 - Amy Huynh - Designing cognitive rehabilitation for Huntington's disease: Healthcare professionals' perspectives on program development 2:55 - Janet Wagland: Transitioning People With Huntington's Disease to a Purpose Built Codesigned SDA Environment</p>		<p>and return to work in young stroke survivors</p> <p>Datablitz 2:45 - Sarah Carrier, Lily Watson & Coco Bernard: Characterisation and Evaluation of the Young Stroke Service (YSS) Neuropsychological Intervention Service 2:50 - Michitaka Funayama: Thermoregulatory Disorders in Individuals Following Stroke 2:55 - Katsuya Sakai: Components of Frontal Assessment Battery and clinical features in patients with stroke</p>	<p>living with epilepsy through service innovation and collaboration 2:45 - Samantha Feldman: Intersectional Considerations Informing Child Behavioral Difficulties and Caregiver Stress in Children with Epilepsy</p>
--	--	---	---

3.00 – 4.00 **Poster Session 2 and Datablitz Poster Session 5 & Break**

4.00 – 6.00 **PLENARY 4**
Venue: Boulevard Auditorium
Chair: Kerry Pike

4.00 – 5:00 **INS Presidential Talk - Natalia Ojeda del Pozo**

5.00 – 6.00 **INS Lifetime Achievement Award Winner**
Talk tbc
INS Distinguished Career Award
Talk tbc

7:00 **Conference Dinner at the Plough Inn**

SATURDAY 5th JULY

8.00 – 8:30 Masterclasses		
Masterclass 7 Venue: Boulevard 1 Neuroaffirming Autism Assessment and Intervention: A Practical Guide for Clinicians Zhi Xiang On	Masterclass 8 Venue: Boulevard 2 Cognitive assessment in minimally conscious state and emergence from disorders of consciousness: a ‘how-to’ guide Lesley Murphy	Masterclass 9 Venue: Boulevard 3 What’s “a point” and should I be worried? A How-to Session on Addiction Neuropsychology James Gooden

9:00 – 10.30 PLENARY 5
Venue: Boulevard Auditorium
Chair: Vince Oxenberg and Jody Kaminga

9:00 – 9.45 National Keynote Speaker - Pip Logan (AUS)
 Talk tbc

9.45 – 10.30 CCN Address: Kelly Gough
 Talk tbc

10.30 – 11.00 Morning tea break – opportunity to visit Exhibitor

11.00 – 12.30 CONCURRENT SESSIONS 17 – 20 (90 mins)

Session 17: Service Delivery; Dementia/Ageing Venue: Boulevard Auditorium Chair:	Session 18: Mental health in TBI Venue: Boulevard 1 Chair:	Session 19: Communication Venue: Boulevard 2 Chair:	Session 20: Brain Injury and Brain Cancer Venue: Boulevard 3 Chair:
How-To Session 11:00 - Marina Cavuota: Working with interpreters during cognitive assessments – Informing clinical practice with the MINDSET study findings Orals 11:30 - Cornelia Wellecke: Let’s Demystify Peer Support: A Scoping Review of the Peer Support Experiences and Perspectives of Adults with Acquired Neurological Disability 11:45 - Brooke Kooymans: Navigating the Policy/Practice Nexus: frontline social work practice model for community neurorehabilitation 12:00 - Jessica Hazelton: Neuropsychiatric features relate to allostatic-interoception network disruption in neurodegeneration	Orals 11:00 - Jai Carmichael: Psychological and Cognitive Correlates of Suicidal Ideation Following Traumatic Brain Injury 11:15 - Steph Reeve: Reaping Rewards: A Systematic Review of Contingency Management for Individuals with Traumatic Brain Injury that use Substances 11:30 - Kelly Jones: Healthcare Seeking Behaviour and Experiences following Traumatic Brain Injury in New Zealand 11:45 - Rebecca Slykerman: Mental health conditions in youth aged 0-24 years with acquired brain injury 12:00 - Alexia Samiotis: Cognitive functioning and transdiagnostic psychopathology dimensions after traumatic brain injury: An application of the HiTOP-TBI model	Orals 11:00 - Rebekah Billing-Kerr: Fetching Connections; Dog Walking As An Adjunct To Traditional Speech Therapy 11:15 - Kylie Southwell: Context matters: A scoping review of cognitive-communication interventions that support meaningful engagement with adolescents following an acquired brain injury 11:30 – Melissa Kendall: ‘Staying Connected’: the development of a translational framework to support friendships after acquired brain injury and spinal cord injury 11:45 - Emma Finch: Does CanCommunicate, a comprehensive, tailored, accessible communication support intervention, help people with a brain tumour achieve their communication goals?	How-To Session 11:00 – Kathleen Vancleef: Visual perception impairments after brain injury: what are they and how to assess them? Orals 11:30 - Sebastian Gallegos-Berrios: Exploring the Professional Practice of Chilean Occupational Therapists Working with People Post Acquired Brain Injury: An Online Survey 11:45 - Sophie Reed: Preoperative Predictors of Postoperative Cognitive Outcomes Following Neurosurgery for Primary Brain Tumours: A Systematic Review Datablitz 12:00 - Wan Ru Huang: Comparison of Neuropsychological Outcomes and Quality of Life in Cerebellar

<p>Datablitz 12:15 - Chiyoko Nagai: Pure Kanji Agraphia in Dominant Parietal Variant Posterior Cortical Atrophy: A Longitudinal Language Study 12:20 - Gail Robinson: Creative idea generation in Alzheimer's disease and mild cognitive impairment 12:25 - Sharon Savage: New models to improve dementia knowledge and healthy lifestyle choices – introducing the Community Healthy Ageing Initiative (CHAI)</p>	<p>Datablitz 12:15 - Egberdina-Józefa Van der Hulst: Measuring Mood and Behaviour in Acute Neurorehabilitation in a Culturally and Linguistically Diverse Geographical Area: Development of the Royal London Neurobehavioural Questionnaire 12:20 - Diane Whiting: Acceptance and Commitment Therapy treating psychological distress after a moderate to severe traumatic brain injury: A randomized controlled trial 12:25 - Quinn Le: The Prospective Association Between Sleep Disturbances and Psychotic-Like Experiences in Early Adolescents: Findings from the Adolescent Brain Cognitive Development (ABCD) Study</p>	<p>12:00 - Elise Bogart: Consensus Outcomes for the TBIBank 2.0 Discourse Protocol Datablitz 12:15 - Melissa Brunner: Stay tuned: exploratory content and thematic analysis of traumatic brain injury content on YouTube and Instagram 12:20 - Ronelle Hewetson: Description of neglect dyslexia error patterns from a lexical/semantic content-specific impairment stance 12:25 - Monika Malon: Loneliness and Everyday Prosocial Behavior</p>	<p>Medulloblastoma, Ependymoma and Pilocytic Astrocytoma 12:05 - Tricia King: Construct validity of the NIH Toolbox Cognitive Battery version 3 among pediatric medulloblastoma survivors 12:10 - Bryan Yeo: Cortical Thickness and Subtype-Specific Differences in Grapheme-Colour Synaesthesia 12:15 - Suzanne Currie: Perspectives of supporting community participation from family members of people with severe brain injury 12:20 – Meg Rankin: Understanding multidimensional apathy in traumatic brain injury 12:25 - Caitlin Courchesne: Psychological Transdiagnostic Processes in Mild Traumatic Brain Injury Recovery: A Scoping Review</p>
---	--	--	--

12.30 – 1.45 Lunch

<p>12.45-1.30 Venue: Boulevard 1 Chair: Jennifer Fleming and Grahame Simpson How to review a manuscript for a Journal</p>
--

1.45 – 2.45 CONCURRENT SESSIONS 21 - 24 (60 mins)

<p>Session 21: Post-Concussion Venue: Boulevard Auditorium Chair:</p>	<p>Session 22: Paediatrics Venue: Boulevard 1 Chair:</p>	<p>Session 23: Telehealth Venue: Boulevard 2 Chair:</p>	<p>Session 24: Cognitive Rehabilitation Venue: Boulevard 3 Chair:</p>
<p>How-To Session 1:45 - Bianca Charles: The Fundamentals of Multidisciplinary Management of Persisting Post-Concussion Symptoms across the ages Orals 2:15 - Lisa Licciardi: The role of occupational therapy in the management of adults with persistent post-concussion symptoms: A scoping review</p>	<p>Orals 1:45 - Nicola Starkey: Concussion symptom resolution in children and adolescents in New Zealand 2:00 - Lianne M Jenkins: Increased Cognitive Control Network Activity During Failed Cognitive Control in Youths Two Years Prior to Self-Reported Non-Suicidal Self-Injury 2:15 - Taylor Mills: Selective Attention and Working Memory in Young Adults</p>	<p>Orals 1:45 - Daniel Milligan: Examining Equivalence and Test-Retest Reliability of Telehealth Administration of the WAIS-5A&NZ 2:00 - Michael Williamson: Clinician Experiences and Opinions Regarding Cognitive Assessment via Telehealth for Middle-Aged and Older Adults: A Mixed-Methods Study 2:15 - Jodie Chapman: A New Model for Remote</p>	<p>Orals 1:45 - Jessica Trevena-Peters: Cognitive rehabilitation following Traumatic Brain Injury: Variations in Clinician Practice across Geographical Sectors 2:00 - Sarah Prescott: Cognitive rehabilitation using immersive and non-immersive virtual reality after traumatic brain injury: A scoping review 2:15 – Rachel Munyard: Determinants of Cognitive</p>

2:30 - Lee Cubis: Who Gets Stuck in Hospital, and Why? Contributors to Hospital Discharge Delays for People with Acquired Neurological Disability	Born Very Preterm and at Term 2:30 - Bianca Bondi: Adaptation and Implementation of the Cultural Formulation Interview and Training Module for a Pediatric Brain Health Context	Neuropsychological Assessment: Development of the Telehealth-Enabled Neuropsychological Testing (TENT) Platform in the Australian Epilepsy Project 2:30 – Simon Beaulieu-Bonneau: Paving the Road for Ethical and Equitable Policies and Practices in Telerehabilitation in Psychology and Neuropsychology: A Rapid Review	Rehabilitation Following Acquired Brain Injury: A Global Multidisciplinary Perspective. 2:30 – Yu-Hsiang Cheng: Integrating Cultural Heritage in Cognitive Training: A Multiple Mnemonic Strategy for Memory Enhancement in Older Adults
---	--	---	---

2.45 – 3.30 Poster Session 3 and Datablitz Poster Session 6 and break

3.30 – 4.30 CONCURRENT SESSIONS 24 - 28 (60 mins)

Session 25: Dementia Venue: Boulevard Auditorium Chair:	Session 26: INS Award Talks Venue: Boulevard 1 Chair:	Session 27: Technology Venue: Boulevard 2 Chair:	Session 28: Advancing Neurohealth Equity Venue: Boulevard 3 Chair:
How-To Session 3:30 - Fiona Kumfor: Criminal behaviour in dementia Orals 4:00 - Ramon Landin-Romero: Mapping the staging of neuroimaging trajectories in frontotemporal dementia: New insights using fixel-based analysis 4:15 - Sophie Matis: Precision neuroimaging in frontotemporal dementia: Mapping microstructural vs macrostructural neuropathological degeneration	INS award winners 3:30 - INS Post-Doctoral Research 3:50 - INS Early Career Award 4:10 - The Mid-Career Research Award	How-To Session 3:30 - Tony Florio: How to use AI to Augment, Automate and Innovate Neuropsychological Assessment 4:00 - Melissa Brunner: social-ABI-lity: Development of a social media and online communication assessment tool for people with acquired brain injury (ABI) 4:15 – Grahame Simpson: Electronic assistive technology can increase independent functioning through compensation for executive impairment after severe acquired brain impairment: Four single case experimental design trials	Orals 3:30 - Nara Andrade: Translational neuroscience: promoting brain health equity through dialogues between adversity neurodevelopmental models and youth mental health interventions 3:45 - Nicholas Cheng: The prevalence of attention-deficit hyperactivity disorder in psychotic disorders: A systematic review and meta-analysis 4:00 - Jacinta Douglas: Intersectionality and Neurological Disability: Implications for Group Based Community Rehabilitation following Severe Traumatic Brain Injury (TBI) 4:15 - Danielle Sansonetti: Assessing Online Awareness of Performance for Adults with Neurological Conditions: A Delphi Study

4.30 – 5.30 AWARDS AND CONFERENCE CLOSE
Venue: Boulevard Auditorium
Chair: Dana Wong and Kelly Gough
